SOUVENIR PROGRAM

ACCIDENT RULES

When an accident or spin happens in the first lap there shall be a complete re-start. The car or cars involved shall be put back to last position on the restart.

Any restart on account of an accident which happens after the second lap shall

be restarted in single file with the cars involved in the accident starting in the rear of those not involved.

If 75% of the race has been run under the green flag when the red flag is thrown it shall be declared a completed event.

IF IT RAINS

It is a well established rule in auto races that in case of rain if 55 per cent of the scheduled events have been run the program is considered completed.

If the program is stopped on account of rain, and less than four races have been run, your ticket stub for that date will be accepted as admission to the next race meet.

Be sure to keep your admission ticket stub which is handed to you by the ticket taker.
